

Ready to transform your future?

An opportunity to experience a high voltage electrical trade.

Transgrid is offering the opportunity to join a 5-week Pre-Apprentice Program for Women, in Electrical Trades.

This program includes two subjects that can be used as credit towards a Certificate III in Electrotechnology Electrician. This is a great way to get a head start on your apprenticeship as an electrical tradesperson and learn whether the industry is right for you, before committing to a full apprenticeship.

Learning modules include:

Apply WHS regulations, code and practices in the workplace

Solve problems in single path circuits

You will attend practical training and work experience alongside our skilled trainers, technicians and other pre-apprentice participants at our Transgrid depot in Orange. During this time, you will get a substation tour, power station tour, hand skills and wiring training and much more.

This is your opportunity to step outside of your comfort zone and learn something new that could lead to a whole new career.

Key dates:

Applications close:

11 February 2024

Program start date:

4 March 2024

Training program:

Week 1 - Group 1 & 2, 1 day on site learning
Week 2 - Group 1 & 2, 5 days on site learning
Week 3 - Group 1, 5 days on site learning
Week 4 - Group 2, 5 days on site learning
Week 5 - Group 1 & 2, 1 day on site learning and graduation dinner

Applications are now open

Visit [Careers](#) to submit your application and take the first step towards a brighter future.

Industry Safety Day

presented by Endeavour Energy

February 13th 2024 – 7:30am - 4pm

A free industry collaborative event bringing asset owners, safety regulators, industry stakeholders, RTOs, ASPs, suppliers, and more together to improve safety in the NSW ESI sector.

Endeavour Energy Technical Training Centre, 109 Joadja Road, Prestons

(entry opposite Liverpool Catholic Club. Onsite parking or parking at Liverpool Catholic Club available)

Registration/Entry from 7:30am

Exhibitor displays and demonstrations open 7:30am – 4pm

Tool and equipment demonstrations, supplier displays and products, general safety and technical advice, practical demonstrations, damage prevention, health & wellbeing, new technology, safety innovations, safety regulators and policy makers, NSW asset owners, industry stakeholders and much more.

Welcome and morning tea 8:30am – 9am

Official welcome from Endeavour Energy's Chief Safety Asset and Operating Officer, Scott Ryan.

Education/Awareness sessions from 9am – 2:30pm

Safety presentations on a range of topics and fatal risks related to the electrical, civil and broader construction industry sectors.

Lunch provided 12:30pm – 1:30pm. Event close – 4pm

Registrations essential. [Click here to register your attendance.](#)

Invite to Technical Advisory Group Workshops!

PSO is delighted to invite you to our bi-monthly Training Package Workshops, which will focus on resolving key issues and questions.

Your expertise and insights as a member of our Technical Advisory Groups (TAG) are invaluable, and we look forward to your participation.

These workshops aim to foster collaboration and generate actionable insights that will help shape our training package for energy professionals. Your input will be instrumental in ensuring that the training materials are comprehensive and relevant to current industry needs.

Please register your attendance by clicking on the specific TAG you would like to attend.

Join the Energy Pathway Roadshow – Register Now!

As the date for the Energy Pathway Roadshow draws nearer, we want to remind you of this not-to-be-missed opportunity. If you haven't registered yet, we encourage you to do so soon!

Why should you attend?

The Energy Pathway Roadshow is a pivotal event focusing on the collective journey towards sustainable energy. Your voice and insights are vital as we discuss the essential skills and job roles needed in this era of clean energy transition. This is a unique platform for sharing your perspectives and learning about the impacts on businesses, cities, and communities.

What's in store for you:

- Insightful discussions on the shift to renewable energy.
- Exploration of workforce needs and training for a sustainable future.
- Networking with industry experts and peers passionate about clean energy.
- Interactive sessions to contribute your thoughts and ideas.

NSW Women's Week 2024

Monday 4 to Sunday 10 March 2024

NSW WOMEN'S WEEK 2024

NSW Women's Week, set to kick off from Monday 4 March to Sunday 10 March, promises a dynamic series of events, focusing on inclusivity and celebrating the achievements of women across NSW.

This year's events will showcase the remarkable stories and accomplishments of women and girls from diverse backgrounds, including:

- Aboriginal and Torres Strait Islander
- culturally and linguistically diverse (CALD)
- those living with disability
- LGBTIQA+
- those living in regional, rural and remote NSW.

The week-long celebration will connect, celebrate, and pay tribute to women through a series of engaging events being delivered thanks to the NSW Women's Week grants program and culminates with the announcement of the winners of the [NSW Women of the Year Awards 2024](#).

There is something for women of all ages and backgrounds, and we encourage you to find out what is happening in your community.
